STATEWIDE CURRENT SITUATION: FEMA has extended deadlines for disaster assistance through November 24, 2017.

The President has amended the federal declaration for the State of Texas to provide additional disaster assistance available to the state. This increases federal funding for Public Assistance projects as a result of Hurricane Harvey beginning on August 23, 2017, and continuing.

This action authorizes 90% Federal cost share for debris removal, and 100% Federal cost share for emergency protective measures for 30 days from the start of the incident period and then a 90% cost share thereafter.
